

Saginaw County students benefit from Saginaw Community Foundation scholarships

More than 200 Saginaw County students received close to \$340,000 in scholarships from the Saginaw Community Foundation at its annual Excellence in Education Ceremony on May 23.

Thanks to newly established funds, such as the Hebert Memorial Scholarship, which awarded 53 \$3,000 scholarships at the ceremony, the dollar amount of scholarships doubled from last year.

"Being able to increase the award amount for so many students is very rewarding for the Foundation," said LeeAnn Martuch, program officer for the Saginaw Community Foundation. "Considering where Saginaw County is economically, the ability to double our dollar amount speaks volumes for our community and our donors."

The event took place at Horizons Conference Center in Saginaw Township. Rudy Pett, a past scholarship recipient, was the guest speaker. Pett graduated from Valley Lutheran High School in 2007 and recently earned a bachelor's degree from the University of Richmond.
